Primer

The **STACBOND®** panel has an external 5005 and internal 3005/3015 aluminium alloy and is **coated with the highest quality PvdF Kynar® 500 70/30 paint** (polyvinyl fluoride) that offers the **highest resistance to ageing**. The manufacture of **STACBOND®** Composite Panel follows a controlled process by way of **rigorous tests and quality controls**.

El panel **STACBOND®** posee una capa exterior de aluminio de aleación 5005 e interior 3005 / 3105 y está **lacado con pintura de la más alta calidad PvdF Kynar® 500 70/30** (polivinilo fluorado), ofreciendo la **más elevada resistencia** al envejecimiento. La fabricación del Panel Composite **STACBOND®** sigue un proceso controlado mediante **rigurosos ensayos y controles de calidad**.

Le panneau **STACBOND®** avec une couche extérieure en alliage d'aluminium 5005 et intérieure 3005 / 3105 et laqué à la peinture PvdFKynar® 500 70/30 (polyvinyle fluoré), offre une **haute résistance au vieillissement**. La fabrication du Panneau Composite **STACBOND®** répond à un **processus de contrôle rigoureux validé par des essais et des audits de qualités**.
